Corrigendum

Dopamine 5 receptor mediates Ang II type 1 receptor degradation via a ubiquitin-proteasome pathway in mice and human cells

During the preparation of the manuscript, John J. Gildea’s name was inadvertently omitted from the author list. Gildea is affiliated with the Department of Pathology, University of Virginia Health Sciences Center, Charlottesville, Virginia, USA. The correct author list appears above.

The authors regret the error.

Erratum

Phosphorylation of GSK-3β by cGMP-dependent protein kinase II promotes hypertrophic differentiation of murine chondrocytes

Yosuke Kawasaki, Fumitaka Kugimiya, Hirotaka Chikuda, Satoru Kamekura, Toshiyuki Ikeda, Naohiro Kawamura, Taku Saito, Yusuke Shinoda, Akira Higashikawa, Fumiko Yano, Toru Ogasawara, Naoshi Ogata, Kazuto Hoshi, Franz Hofmann, James R. Woodgett, Kozo Nakamura, Ung-il Chung, and Hiroshi Kawaguchi

During the preparation of the manuscript, the black bars in Figure 3C were mislabeled as Gsk3b−/−. The bars represent data from Gsk3b+/− mice. The correctly labeled image appears below.

The JCI regrets the error.
