Curcumin prevents and reverses murine cardiac hypertrophy

Hong-Liang Li, … , Lorrie A. Kirshenbaum, Peter P. Liu

Retraction Cardiology

Original citation: J. Clin. Invest.118:879–893 (2008). doi:10.1172/JCI32865. Citation for this corrigendum: J. Clin. Invest.119:2113 (2009). doi:10.1172/JCI32865R1. During the preparation of the manuscript, different fields of the same sample for WGA immunofluorescence staining were mistakenly used to represent 2 distinct treatment groups on 2 occasions, in Figures 2 and 7, and some of the raw data for the earlier experiments were lost due to poor record keeping. All authors have agreed to retract the article. The authors sincerely apologize for any inconvenience this action has caused.

Curcumin prevents and reverses murine cardiac hypertrophy

Hong-Liang Li, Chen Liu, Geoffrey de Couto, Maral Ouzounian, Mei Sun, Ai-Bing Wang, Yue Huang, Cheng-Wei He, Yu Shi, Xin Chen, Mai P. Nghiem, Youan Liu, Manyin Chen, Fayez Dawood, Masahiro Fukuoka, Yuichiro Maekawa, Liyong Zhang, Andrew Leask, Asish K. Ghosh, Lorrie A. Kirshenbaum, and Peter P. Liu

During the preparation of the manuscript, different fields of the same sample for WGA immunofluorescence staining were mistakenly used to represent 2 distinct treatment groups on 2 occasions, in Figures 2 and 7, and some of the raw data for the earlier experiments were lost due to poor record keeping. All authors have agreed to retract the article. The authors sincerely apologize for any inconvenience this action has caused.

Corrigendum

Currying favor for the heart

Jonathan A. Epstein

As one of the 2 related articles discussed within their accompanying Commentary is being retracted, conclusions drawn from this work must be tempered.

Corrigendum

The FGF system has a key role in regulating vascular integrity

During the preparation of the manuscript, Zhen W. Zhuang’s name was spelled incorrectly in the author list. The correct author list appears above.

The authors regret the error.
