In the Methods section, in the paragraph headed *Genes knocked down by morpholinos and rescued by Nrg1 mRNA*, the sequence for *tnnt2a* MO was incorrect. The correct sentence is below:

MO (GeneTools) were designed against the ATG of *gata1a* (5'-CTGCAAGTGTAGTATTGAAGATGTC-3') and *tnnt2a* (5'-CATGTTT-GCTCTGATCTGACACGCA-3').

The authors regret the error.
